Hi Dave,

As follow up to our conversation, the pilot test will take place entirely on SPS private land. We will coordinate with BLM prior to making any modifications to the test that may require access to public lands. Please contact me if you have any questions.

Regards,
Taurus

Hi Taurus,

Would you please send me a formal request to access public lands at the site to perform the Pilot Test. Please include the areas needing access and a period of time needed to perform the work. I will make sure it gets expedited back to you asap. If you have any questions, please give me a call.

Thank you,

Dave Davis, Geologist
